

July 21, 2008

Dear Sturbridge Homeowners and Realtors:

Effective July 22, 2008, the following amendments have been made to Sturbridge signage rules and regulations:

- Absolutely no signage of any kind (realtor open house/for sale/directionals, garage sales, etc.) will be permitted at any of the 4 Sturbridge entrances.
- Realtors will be permitted to display open house signs on Sundays from 12:00 noon until 6:00 p.m. Open House Directionals may be displayed inside the neighborhood only during the hours mentioned above.
- Absolutely no signs are to be affixed to neighborhood street signs, lamp posts or Association message boards.

Any and all signage not in compliance with these rules will be immediately removed. The responsible party will be billed for any damage done to Association property (i.e., repainting poles, signs, etc.).

Thank you,

Laramie Copeland
