Declarant is the owner of all lots and land embraced herein (hereinafter sometimes referred to as this "Subdivision" or this "Neighborhood") adjoining and contiguous to the Sturbridge Plantation, a mixed use development, consisting of residential, commercial, office and other uses as has been approved by the applicable governmental authorities. Declarant shall hereinafter develop Sturbridge Plat No. 13 as part of the Sturbridge Plantation, with the owners of all the lots and land embraced herein thereby becoming members of and subject to the Sturbridge Homeowners Association, Inc., a non-profit corporation (hereinafter sometimes referred to as the "Association.") The Association is governed by its Board of Directors (hereinafter sometimes referred to as the "Board") pursuant to its Articles of Incorporation heretofore recorded in the Office of the Judge of Probate, Montgomery County, Alabama and its By-Laws adopted by the Board. The Association, among other things, has the power, duty and right (1) to govern, control and regulate the use, improvement and repair of any common areas, entrance ways, amenities or other properties it owns or controls in Sturbridge Plantation, including this Subdivision, for the use, enjoyment of all the members of the Association in accordance with the By-Laws, Rules and Regulations of the Association and these protective covenants, and (2) to assess each lot and collect such dues, fees, and assessments as it deems necessary and appropriate to perform such duties for each and every Neighborhood and/or Subdivision in Sturbridge Plantation. In addition, the Declarant, is owner of certain other real property in Montgomery County, Alabama (hereinafter sometimes referred to as the "Annexable Area") which may, at the sole discretion of Declarant, from time to time, become a part of Sturbridge Plantation and subject to these protective covenants by Declarant and whose owners may become members of the Association.

Furthermore, the Board, in accordance with its By-Laws has previously formed an Architectural Review Board (hereinafter sometimes referred to as the "ARB") for the Sturbridge Plantation which shall supervise, monitor, and when the ARB deems appropriate, insure compliance with these protective covenants.

The Association, may from time to time, divide the Sturbridge Plantation, including this Subdivision and any future subdivisions within the Annexable Area into delegate districts for each Neighborhood as hereinafter defined by the subassociations but only upon proper approval by the Association.

By the adoption of this plat, Southern Boulevard Corporation, owner of all of the lots and land embraced herein, hereby adopts the following protective covenants and imposes them upon the property comprising the said plat and upon all portions therein. These protective covenants shall run with the land and shall be binding on all parties or legal entities and on all persons or legal entities claiming under them for a period of twenty-five (25) years from the date of the recording of this plat, after which time said covenants shall be automatically extended for successive periods of ten years unless an instrument, signed by a majority of the then owners of the lots located herein, has been recorded, agreeing to change said covenants, in whole or in part. Enforcement of these protective covenants shall be by proceedings at law or in equity against the person, persons, or legal entities violating or attempting to violate any of these covenants. Said action may be either to restrain violation or to recover damages therefor. Invalidation of any one of these covenants, or any portion thereof, by judgment or court order, shall in no wise effect any one of the other provisions or other portions thereof, which shall remain in full force and effect.

1. USE OF PROPERTY: No lot shall be used except for single family residential purposes.
2. TYPE DWELLING: No buildings, or additions thereto, shall be erected, altered, placed or permitted to remain on any lot herein other than one detached single-family dwelling not to exceed two stories in height, except that a third story shall be permitted if it is designed in such fashion as to fit within the normal roof-line of a two story structure in the area that would normally be considered attic area, with all construction being subject to prior review and approval of the Architectural Review Board as hereinafter set out. This covenant shall not be construed to permit necessary outbuildings as hereinafter provided, which may be authorized and approved by the ARB.
3. MINIMUM SQUARE FOOTAGE REQUIREMENT: Each residence constructed within said plat shall have a minimum square footage of air conditioned and heated living area of at least 2000 square feet, exclusive of open porches, attached garages, carports or other non-living areas, or, in the case of any residence to be constructed having more than one story, the same must have a minimum ground floor living area of at least 1400 square feet. All lots within this plat must have and continue to have a minimum of 85 feet of frontage at the building set-back line, unless a lesser amount is reflected on this original plat, in which case the minimum foot frontage at the building setback line shall be as reflected on this original plat.
4. ARB APPROVAL: No building or addition thereto or fence, swimming pool or ancillary structure shall be erected, altered, placed on any lot until and unless the construction plans and specifications and a plan showing the location of the structure on the lot have been approved by the Architectural Review Board in all respects. No fence or wall shall be erected or placed on any lot nearer to any street than the minimum set-back lines of said lot unless similarly approved. Approval shall be by the ARB which is comprised of not less than three (3) individuals originally, namely Mark Fain, Norman Schlemmer and a third individual to be designated by the Sturbridge Homeowners Association, Inc. The ARB must approve any and all aspects of any and all construction and improvements on each lot within the plat herein set out. Each request for approval must be accompanied by a payment of \$50.00 to the ARB, along with two sets of plans for the proposed construction, renovation, improvement or other action requiring ARB approval, one set of plans will be retained by the ARB and one set will be returned to the builder or lot owner. In the case of original construction, said plans must include specifications, exterior colors, landscape plans and overall site plan. The ARB will establish its own requirements, procedures, policies, and time frames, which requirements shall be available, on request, to local owners, their architects, or builders. All approvals by the ARB must be in writing, and dated, and must be signed by a minimum of one member of the ARB, and where plans and specifications are required said approval should be reflected on a copy of the plans and specifications submitted to the ARB for approval. The ARB may, in its unrestricted discretion, reduce, increase or waive the approval fee in the event the approval sought is not for new home construction or a major renovation or addition and the ARB may periodically modify or amend its requirements, but in no event shall its requirements be less restrictive than these protective covenants otherwise require. The ARB may set site standards, building design and materials standards, building construction standards, and other standards that it deems appropriate. Approval of any plans or the setting of any requirement for approval shall not and does not constitute any representation or guaranty of safety or architectural integrity, by the ARB, which instead, shall be the sole responsibility of each lot owner. The declarant may turn over the function of the ARB to the Sturbridge Homeowner's Association, which has been organized as a part of this over-all development at any time the declarant deems appropriate prior to full and total development of the entire residential portion of the Sturbridge Subdivision, including all separate plats and portions thereof, but declarant shall transfer said ARB responsibility to the Association no later than sixty (60) days after the last residential lot within the Subdivision is developed by a substantial completion of construction thereon.
5. BUILDING SETBACK REQUIREMENTS: No building shall be erected on any lot nearer to the front lot line or nearer to the side street line than the minimum building set-back lines shown on this recorded plat. No building shall be located nearer than TEN (10) feet to an interior lot line except that a FIVE (5) foot minimum sideyard shall be permitted for a garage or other permitted and approved accessory building on the rear one-third of the respective lot. There shall be a minimum of FIFTEEN (15) feet of separation between principal buildings. For the purposes of this covenant, eaves, steps, stoops or entrance platforms, and ornamental planting boxes shall not be considered as a part of a building, provided, however, that this shall not be construed to permit any portion of a building on any lot to encroach on, under or above any other lot.

6. RESUBDIVISION OR PARTITION OF LOTS: The lots shown on this plat may be further modified for the purpose of increasing the size of adjacent lots, however, no additional building lots may be created by a modification of the lots shown hereon by re-subdivision thereof, provided that any relocated interior lot line shall not be nearer than ten (10) feet to any part of any dwelling, exclusive of overhangs, and provided that no lot shall be reduced so as to reduce its size at the minimum set back line to less than eighty-five (85) feet frontage on said line. In the event of any re-subdivision of any lot shown referred to as one lot for the purpose of these covenants and these covenants shall apply the same as if said tract has been platted as one lot on this plat. Should the owner of two adjacent lots desire to build and maintain dwelling on both lots, then the side lot restrictions shall apply only to the extreme side lines of the combined lots.
7. EASEMENTS: Easements for installation and maintenance of utilities and private drainage and access are reserved as shown on this plat. The easement area shall be maintained continuously by the owner of the respective lot, except for those improvements for which a public utility company is responsible. No object or improvement may be placed or constructed, either partially or wholly, and no lot owner shall otherwise do anything within the area of any drainage easement if it prevents, impairs or diverts, in any way, the free flow of water in through said drainage easement. No water shall be diverted to other lots other than on established drainage easement.
8. OVERHEAD FACILITIES: The owners of lots within this Subdivision will not erect or grant to any person, firm, or corporation, the right, license, or privilege to erect or use, or permit the use of overhead wires, poles, or overhead facilities of any type or kind for electrical, electronic communication, cable television service or telephone service on said real estate (except such poles and overhead facilities as may be required at those places where distribution facilities enter and leave said Subdivision or existing and/or future overhead transmission or communication facilities on existing Alabama Power Company rights of way). Nothing herein shall be construed to prohibit overhead street lighting fixtures, or ornamental yard lighting where such is serviced by underground wires or cables.
9. GARAGES AND OUTBUILDINGS: No separate garages or out buildings or auxiliary structures of any kind or nature, except garden or ornamental landscape structures, shall be erected or allowed to occupy any portion of any lot, and no such building shall be constructed, used or occupied prior to the construction of the main house structure, except such as may be used in storing tools and materials for the construction of the main house. Any garage or outbuilding shall be of a permanent nature and shall conform to the general architecture of the principal building. Prefabricated, metal or portable structures are considered nonconforming. Any such structure, including fencing, must be approved in writing by the ARB, and in no event shall temporary metal or wooden storage buildings be permitted without ARB approval.
10. NUISANCE: No noxious or offensive trade or activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighbors or the neighborhood.

12. SIGNS: No sign of any kind shall be displayed visible to the public view on any lot except one professional sign of not more than one square foot. In the case of advertising the property for sale or rent or in the case of signs used by a builder to advertise the property during the construction and sale period, one sign of not more than five(5) square feet of advertising shall be allowed on any lot. The Developer, the Association and/or the ARB shall have the right to enter upon any lot of any lot owner and remove any sign not in compliance with these restrictions, provided, however, that prior notice is given of such action, either verbally or in writing.
13. MINING: No oil drilling, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon, in or under any lot, nor shall oil wells,

tunnels, tanks, mineral excavations or shafts be permitted on, upon, or under any lot. No derrick or other structure designed for use in drilling for oil, water or natural gas shall be erected, maintained or permitted on any lot without the express prior written consent of the Architectural Review Board. No individual water supply system or water softener system nor any sewage system shall be permitted on any lot, unless such system is approved by the Architectural Review Board and designed, located, constructed and equipped in accordance with the requirements, standards and recommendations of any applicable water authorities, Montgomery County Health Department, and all other applicable governmental authorities.

14. ANIMALS: No animals, livestock, or poultry of any kind shall be raised, bred or kept on any lot, except that dogs, cats, and other normal and common household pets may be kept provided that they are not kept, bred or maintained for any commercial purpose, and provided that they are kept in reasonable numbers and under reasonable conditions so as not to create a nuisance and not to otherwise unreasonably disturb the neighbors or the neighborhood.
15. PLANTING AND OBSTRUCTIONS: No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two and six feet above the roadways shall be placed or permitted to remain on any corner lot within that triangular area formed by the street property lines and a line connecting them at points twenty-five (25) feet from the corner intersection of said street lines. The same sight-line limitations shall apply on any lot within twenty (20) feet from the intersection of a street property line with the edge of a driveway pavement. No tree shall be permitted to remain within such distances, areas or such intersections unless the foliage line is maintained at a sufficient height to prevent obstruction of such sight lines. The Association and/or the ARB shall have the right, but not the obligation, to enter upon any lot owner's property to trim or prune, at the owner's expense, any hedge or other plantings, which, in the opinion of the Association or the ARB by reason of its location upon the property or the height to which it is permitted to grow, is unreasonably detrimental to the adjoining property or obscures the view of the street, traffic or surrounding amenities or is unattractive in appearance, provided, however, that the owner shall be given fifteen (15) days prior notice of such action.

No carports or garages may open toward the main street or any other street, and may not open on the front of the house. The owner of each lot shall provide parking space for at least three (3) automobiles, per lot, off the public street, and combined to the interior of the lots and not on the public right of way and further confined to the rear of each home or, if on the side, at least to the rear of an imaginary line which is equal distance between the front and rear walls of said house. No lot owner will use or allow to be used any on-street curbside areas for permanent or semi-permanent vehicular parking or storage. It being the intention of these covenants that on-street parking be restricted to visitors, guests, workman, subcontractors, delivery personnel, and such activities and not for regular parking or vehicular storage by lot owners. The Association shall not be liable to the owner of such vehicle or recreational equipment, nor to the respective lot owners, for trespass, conversion or otherwise, nor guilty of any criminal or quasi criminal act by reason of such towing, and neither its removal or failure of the owner to receive any notice of said violation shall be grounds for relief of any type.

Such commercial operation may be permitted only after the Board has determined that it is compatible with a high quality residential neighborhood and does not unreasonably interfere with the adjoining lots or adjoining lot owners. Any such approval granted by the Board may be withdrawn if the Board determines that such authorized or permitted activity is unreasonably interfering with the rights of the Subdivision or any individual lot owner within said Subdivision.
